Hi Jayne,

I'll add my welcome to the others!

As you can see we've got a great support team at HQ. We'd be happy to set up some time to get you oriented and can also send you the grouplist for other regional coordinators so you can touch base with them as needed (they are on the meeting invite Don forwarded but so are a lot of other folks).

This is a significant new responsibility while the OR CZARA issues remain front and center, so don't hesitate to let us know how we can help.

Lynda

Subject: FW: Acting NPS Coordinator for R10

Hi Jayne:

I just wanted to follow-up on Don's email. Ari Engelberg is also on our team and is our new ORISE Intern who will be working as the main point of contact for Success Stories. In addition to the GRTS work, I am also the federal contact for Success Stories as well as the main contact for all things WQ-9 and WQ-10. We are currently working on reviewing the WQ-10 Regional targets for FY15, so you will most likely be hearing from me again over the next few days. Regarding GRTS, we typically hold a user meeting each year in a different area of the country and we are hoping to hold this year's [End of Summer 2014] in Washington State. This was brought about through conversations at the last meeting in Chicago [December 2013], but again I'll be reaching out more on the meeting in the next few weeks or so. If you have any questions in the meantime, I'm here!

Don't want to overwhelm you with GRTS/Success Stories Info/etc., but figured I'd give you a heads up on where those two items stand for now!

Jayne,

Welcome to the club!

Cyd Curtis and I are helping Lynda Hall administer various aspects of the national 319 program. As you know, I'm tracking progress on the Agency Priority Goal (APG) for FY15 for updating state NPS Management Programs (...and the primary driver is the FY14 319 grant guidelines statement that all

states should have updated NPS MPs by THIS September). Cyd is the primary go-to person for other aspects of the national 319 program. Lynda's former primary go-to person for 319 matters ([Ex. 6 - Personal Privacy])

Ex. 6 - Personal Privacy

so we're still feeling our way through this, too. Also, Meghan Klasic is our GRTS coordinator.

Our monthly NPS Coordinators call occurs on the third Wednesday of the month from 1 to 2:30 PM ET (10 to 11:30 AM PT). I forwarded you the meeting invite, but we'll also get you added to the distribution list for the inevitable updates.

If you have any other questions, call me.

Subject: Acting NPS Coordinator

Hi Lynda and Don,

I am now the acting Regional NPS Coordinator (including measures). Can I be added to the email list and the invites for the NPS Coordinator meetings? Also who should I speak with regarding responsibilities from a HQ perspective?

Cheers,

Jayne

Subject: reassigning Seaborne's work

Hi all- Below is the status of reassigning Rick's work. I met with Christine yesterday and got her okay with this plan. These assignments could change if and when we get approval to advertise for a 319 NPS Coordinator. Thanks to Bill, Martha, and Jayne for readily stepping-up to manage this new work ([Ex. 6 - Personal Privacy])
Let me know if you have questions/concerns.

Chris Castner

*Christine asked whether we could say “no” to this NPS Strategy Review work or request HQ to do it. I think it is unlikely either of those two options are possible, but we can discuss this. This work entails applying the new 319 guidance and offering tribal consultation. I will set up separate OR and ID meetings to decide assignment of this work.
